Subject: EPA 2nd Annual NAM Conference- Revised and Clean Draft Report and Q&As for Review
Attachments: NAMs October 2020 Conference Summary Report_01.07.2021.docx; NAMs October 2020 Conference Summary_Questions and Answers_01.07.2021.docx

Hi Monica,

We have incorporated the changes to the draft NAM Conference Summary Report and the Questions and Answers document. Attached please find the revised and clean versions in Word for your review.

Since the conference summary report and Q&A document will likely be posted to EPA's website around the same time, would you like us to merge the documents by adding the full list of questions and answers to Appendix C in the summary report? We would be happy to make this quick update. Please just let us know.

Thank you,
Megan

Subject: RE: EPA 2nd Annual NAM Conference- DRAFT Report and Q&As

Hi Monica,

Thank you again for sending back EPA's feedback on the NAM conference report. We are working on incorporating the edits to the report and the question and answer document. We plan to send the updated clean versions of both Word documents to you all the first week of January and by January 8 at the latest.

I hope you all have safe and restful holiday breaks!

Megan

Subject: RE: EPA 2nd Annual NAM Conference- DRAFT Report and Q&As

Hi Monica,

Thank you for sending EPA's feedback on the NAM conference report. We will incorporate your edits and send back a clean Word version of the summary report and Questions & Answer document.

We received some minor edits from Clemens Wittwehr for the summary of his presentation. Ivan Rusyn and Kamin Johnson both reviewed the summary report and said they did not have any edits.

I will send you an update later this week with an estimate of when we expect to return the update summary report and Question and Answer document.

Thanks again!
Megan

Subject: EPA 2nd Annual NAM Conference- DRAFT Report and Q&As

Hi Amy and Megan,

We wanted to follow up on the NAM conference report and the Question & Answer document from the conference. We shared the EPA 2nd Annual NAM Conference draft report with the EPA work group and they provided feedback. Some had trouble providing feedback in the PDF file so provided their edits in an email. Please see attached for all the EPA feedback received and below is a summary of feedback/how it was provided. Can you please incorporate feedback and send us back a second draft in Word to review? Also, did you receive any feedback on the draft report from the presenters outside of EPA and/or on the Question and Answer document? If you did not receive feedback from

presenters outside of EPA, can you please email the revised Q&A document with EPA's comments incorporated? Thank you and hope you both are doing well!

- Monique Perron's feedback attached in an Outlook email dated Dec. 14, 2020 at 11:05 AM.
- Louis (Gino) Scarano, Russell Thomas and Evisabel Craig feedback (edits in attached PDF file – NAMs October 2020 Conference Summary Report RST_EC_GS)
- Maureen Gwinn's feedback – see attached (PDF file – NAMs October 2020 Conference Summary Report.MRG)
- Anna Lowit feedback attached in Outlook email dated Dec. 9, 2020 at 2:21 PM

Thank you for all of your help,

Monica Linnenbrink
